

## SAFETY DATA SHEET

Conforms to Regulation EC 1907/2006 (REACH) as amended by  
Regulation (EU) 2015/830

---

STV051 STV052 STV053 - Slugs Away Wool Pellets

---

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

Slugs Away Wool Pellets

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

For use as a physical barrier against slugs

#### 1.3. Details of the supplier of the safety data sheet

STV International Ltd  
Forge House  
Little Cressingham  
Watton  
Thetford  
Norfolk  
IP25 6ND

+ 44 (0) 1953 881 580 (Office hours only)  
info@stvpestcontrol.com

#### 1.4. Emergency telephone number

For product information, contact STV International Ltd on the telephone number stated in section 1.3.

In the event of a medical enquiry involving this product, please contact your doctor or local hospital accident and emergency department.

For urgent medical advice, call the NHS Helpline on 111 (England, Scotland & Wales).  
For medical emergencies, dial 999 (UK & Ireland) or 112 from any EU country.

Environmental agency emergency phone number 0800 807060.

### SECTION 2: Hazards identification

#### 2.1. Classification of the substance or mixture

Classification in accordance with Regulation (EC) 1272/2008  
Not classified.

## 2.2. Label elements

There are no statutory label elements in accordance with Regulation (EC) 1272/2008.

## 2.3. Other hazards

This mixture does not meet the criteria for PBT or vPvB in accordance with Annex XIII of Regulation (EC) 1907/2006.

## SECTION 3: Composition/information on ingredients

### 3.2. Mixtures

Compressed natural sheep wool pellets. There are no hazardous components.

---

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

#### Inhalation

Move exposed person to fresh air.

#### Skin

Wash contaminated skin with plenty of soap and water. Get medical attention if skin irritation occurs.

#### Eyes

Irrigate with water thoroughly. Get medical attention if any discomfort continues.

#### Ingestion

Wash out mouth with water and seek medical advice. In case of swallowed in large quantities, consult your doctor. Do not induce vomiting unless directed to do so by medical personnel.

### 4.2. Most important symptoms and effects, both acute and delayed

None reported.

### 4.3. Indication of any immediate medical attention and special treatment needed

No specific advice. Treat symptomatically.

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

#### Suitable extinguishing media

Sheep wool is a natural product with non-flammable properties. Water spray, dry chemical, foam or CO<sub>2</sub> can be used. Use any means suitable for extinguishing surrounding fire.

#### Unsuitable extinguishing media

Not applicable.

### 5.3. Advice for firefighters

Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.

Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

## SECTION 6: Accidental release measures

### 6.2. Environmental precautions

This product does not cause any pollution in the environment.

### **6.3. Methods and material for containment and cleaning up**

Stop leak if without risk. Dilute with water and mop up if water-soluble or absorb with an inert dry material and place in an appropriate waste disposal container.

### **6.4. Reference to other sections**

See section 1 for emergency contact information.

See section 8 for information on appropriate personal protective equipment.

See section 13 for additional waste treatment information.

## **SECTION 7: Handling and storage**

### **7.1. Precautions for safe handling**

Product has been sterilized by heat treatment. It does not harm the skin.

### **7.2. Conditions for safe storage, including any incompatibilities**

Product has been sterilized by heat treatment. It can be kept in dry storage at room temperature.

### **7.3. Specific end use(s)**

For use as a physical barrier against slugs.

## **SECTION 8: Exposure controls/personal protection**

### **8.1. Control parameters**

#### Occupational exposure limits

None

### **8.2. Exposure controls**

#### Engineering controls

Ensure adequate ventilation.

#### Eye/face protection

Not usually required.

#### Hand protection

Not usually required.

Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary. After contamination with product change gloves immediately and dispose of them according to relevant national and local regulations.

Recommended : (<1 hour) PVC , Nitrile gloves.

#### Respiratory protection

No personal respiratory protective equipment normally required.

Use dust masks to protect from micronised dust in production and packaging environments.

#### Environmental exposure controls

Steps should be taken to ensure that this product is not released accidentally into the environment.

## **SECTION 9: Physical and chemical properties**

### **9.1. Information on basic physical and chemical properties**

Appearance: Pellet-shaped, granular, dark brown

Odour: Information not available

Odour threshold: Information not available

pH: Information not available  
Melting point/freezing point: Information not available  
Initial boiling point and boiling range: Information not available  
Flash point: Information not available  
Evaporation rate: Information not available  
Flammability: Information not available  
Upper/lower flammability or explosive limits: Information not available  
Vapour pressure: Information not available  
Vapour density: Information not available  
Relative density: Information not available  
Solubility(ies): Insoluble in water  
Partition coefficient: n-octanol/water: Information not available  
Auto-ignition temperature: Information not available  
Decomposition temperature: Information not available  
Viscosity: Information not available  
Explosive properties: Information not available  
Oxidising properties: Information not available  
Specific Gravity: 900 – 1000 gr/lit  
Fully Dissolved in Nature: 10-12 Months

## 9.2. Other information

None

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

Information not available

### 10.2. Chemical stability

Product is stable under normal storage and handling conditions.

### 10.3. Possibility of hazardous reactions

Under normal conditions of storage and use hazardous reactions will not occur.

### 10.4. Conditions to avoid

Information not available

### 10.5. Incompatible materials

Information not available.

### 10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

#### Toxicity of product

Acute toxicity:	Not expected to be toxic.
Skin corrosion/irritation:	Product is not classified as causing skin corrosion or irritation.
Serious eye damage/irritation:	Product is not classified as causing serious eye damage or irritation
Respiratory or skin sensitisation:	Product is not classified as causing skin sensitisation.
Germ cell mutagenicity:	No information specified.
Carcinogenicity:	No information specified.
Reproductive toxicity:	No information specified.
STOT-single exposure:	No information specified.

STOT-repeated exposure: No information specified.  
Aspiration hazard: No information specified.

## **SECTION 12: Ecological information**

### **12.1. Toxicity**

#### Toxicity of product

This product is not classified as hazardous to the environment.

### **12.2. Persistence and degradability**

Information not available.

### **12.3. Bioaccumulative potential**

Information not available.

### **12.4. Mobility in soil**

Information not available.

### **12.5. Results of PBT and vPvB assessment**

Information not available.

### **12.6. Other adverse effects**

Information not available.

## **SECTION 13: Disposal considerations**

### **13.1. Waste treatment methods**

#### Disposal methods

Dispose of contents/container in accordance with all local, regional, national and international regulations.

## **SECTION 14: Transport information**

### **14.1. UN number**

Not applicable

### **14.2. UN proper shipping name**

Not applicable

### **14.3. Transport hazard class(es)**

Not applicable

### **14.4. Packing group**

Not applicable

### **14.5. Environmental hazards**

Not applicable

### **14.7. Transport in bulk according to Annex II of Marpol and the IBC Code**

Not applicable.

## **SECTION 15: Regulatory information**

### **15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture**

This substance is classified and labelled in accordance with Regulation (EC) 1272/2008 and Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European

Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC, including amendments.

### **15.2. Chemical safety assessment**

A Chemical Safety Assessment has not been carried out.

### **SECTION 16: Other information**

#### Comments

Use only in accordance with label instructions.

The information contained in this data sheet does not constitute the user's own assessment of workplace risks as required by legislation. The information in this data sheet should be considered when undertaking a risk assessment under the COSHH regulations. The information contained within this data sheet is strictly for general guidance only and should not be relied upon over and above this. This data sheet is intended to provide general health and safety guidance on the storage and transportation of the preparation. The information in this data sheet is accurate at the date of publication and will be updated as and when appropriate. No liability will be accepted by STV International Ltd for any loss, injury or damage arising from any failure to comply with the information and advice contained within this data sheet and/or failure to comply with the manufacturer's guidelines, product label data and any associated technical usage literature.
